

REGROUPEMENT NATIONAL DES ARTS DU CIRQUE
NATIONAL CIRCUS ARTS ALLIANCE

PRESS RELEASE

For immediate release

Circus artists go out on their balconies and porches for World Circus Day

Montreal, April 16, 2020 - At midday on Saturday, April 18, circus artists from across the country will come out onto their balconies and porches to offer a circus performance. This movement, initiated by En Piste - National Circus Arts Alliance of Canada, is both community-based and digital. Artists will take their talents outdoors to warm the hearts of their neighbours, while spreading circus joy on social networks!

Participating artists are based in Montreal, Quebec City, Saint-Hubert, Sherbrooke, Toronto, Edmonton, and even Mexico and France! They will do hula-hoop, acrobatics, clowning, Cyr wheel, juggling, and even balance on beer bottles! They are ready to impress the crowd!

A promotional video, featuring some of the performers, will be broadcast on En Piste's social networks on Friday, April 17.

About En Piste

Founded in 1997, En Piste, the National Circus Arts Alliance, brings together more than 400 individual members and organizations in the sector. It works to create favourable conditions for the development of the circus arts across Canada by bringing together the circus community, consolidating community cohesion, and promoting the circus to government authorities as well as to local, national and international audiences and presenters.
